

# Franklin County Democratic Central Committee

PO Box 64, Pasco Washington 99301

David P. Chassin, Chairman

## YOU ARE A DEMOCRAT TOO!

Most people don't realize just how much they agree with Democrats on issues that are important to this Nation, our State and our local community. Consider these questions and what Democrats think about them.

**Do you believe that the fight for freedom starts here at home?** Democrats elect representatives who think civil rights trump the rights of corporations and work tirelessly to make sure your vote is counted. Democrats will make sure your National Guard troops stay at home to protect you in case of emergency, not off on endless foreign adventures.

**Do you believe that the Constitution is threatened?** Democrats have always acted to protect and defend the Constitution. Democrats will get back your right to defend yourself in court, and protect your privacy from power-hungry and untrustworthy officials in Washington DC that you didn't elect.

**Do you believe education should be a top priority?** Democrats elect representatives who place our kids above foreign policy debacles, above big oil interests, and way above money grabs by the rich and powerful.

**Do you believe that health care is a basic human right?** Democrats believe that affordable health care is the foundation to a strong economy, and that all children must have access to health care. Democrats want to make certain that all workers can get preventative health care to catch problems early before they get serious and too expensive to treat.

**Do you believe in religious freedom?** Democrats want to reverse the recent trend toward closer ties between religion and government. Democrats want to keep government out of the church, and churches out of the government.

**Do you believe that workers' rights need to be protected?** Democrats want to make sure workers' rights are protected from corporate greed and ensure that all workers, and especially women, are paid equally for equal work.

If all these things are important to you, then you are not alone. You too are a Democrat. So please join us at

**7:00PM every second Wednesday of the month  
Carpenter's Union Hall, 2819 West Sylvester, in Pasco.**
